

m_cli2::set_sub

```
graph LR; A[m_cli2::set_sub] --> B[m_cli2::longest_command_argument]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'm_cli2::set_sub'. A dark blue arrow points from the right side of this box to the left side of a larger white rectangular box on the right. This white box contains the text 'm_cli2::longest_command_argument'.

m_cli2::longest_command
_argument
